

UUCL Safety Policies

To ensure the safety of children, UUCL has the following policies:

Parents must remain on site during Religious Education and must supervise their children at all times except during class time or during certain church - sponsored events in which childcare has been arranged.

Infants and young children must be signed in and out of the nursery, as well as being registered with the RE Committee.

Two adults are always present in every class. Teachers undergo screening/background checks and safety training.

First aid kits are located in the RE space and bathroom.

To prevent allergic reactions from food sources, please make sure the RE Committee and the DRE are aware as sometimes snacks are provided in the UUCL RE classrooms. Occasional ritual "feasts" may be held from time to time, in which case all efforts will be made to ensure safe food practices. However, please make sure that your child's teacher is aware of any food or other allergies before class.

Child safety is a priority at UUCL. Any concerns about child safety may be brought to the DRE, minister, or Religious Education Committee.
